

# V. ORLANDI

## E57

## Universal coupling.

Approved for use with all 57mm eyes

This coupling draws on Orlandi's experience from over 150 years of manufacturing towing equipment.

As with the whole Orlandi range, all parts of the GE57 are available separately as well as in kits, so no need to replace half of the coupling when you only want to buy one piece!

No need for special oils or accessory cleaning kits! Our coupling works as it is

Developed for the Australian and Russian markets, built for extremes, it will take Britain in it's stride.

Ø 57.5  
mm

Marcar House, Parkshot, Richmond upon Thames, Surrey TW9 2RG
